

Lean Six Sigma **Yellow Belt** programme

2022

de-tangle processes & problems
with **DMAIC**

Achieve Process & Operational Excellence with Lean Six Sigma

Introduction

Yellow Belt is a great starting point for learning more about Lean Six Sigma. It provides a toolkit that can be immediately applied to empower teams to identify and eliminate non value added activities within their own processes and to take a structured, data driven approach to continuous improvement in the workplace.

The Yellow Belt programme is also suitable for Managers who need to take the role of local champions and facilitators of continuous improvement activity.

The 2-day course provides a practical toolkit to enable attendees to see their processes through fresh eyes and be able to immediately start to identify and implement C.I opportunities.

The Yellow Belt Role

A Yellow Belt is equipped with knowledge of the foundation tools and techniques of Lean and Six Sigma to enable them to lead small everyday improvement activities and projects within their local work area. Typical improvement projects focus on reducing process waste to make local work processes easier to do; faster; more efficient and more effective for customers. Projects typically take around six to eight weeks to deliver and start immediately after the first training session.

Yellow Belts may also participate as team members in a Green or Black Belt project and the training also provides a good basic awareness of the DMAIC methodology.

“

This was a great course! I am excited to implement Lean Six Sigma changes to my workplace, and to complete Yellow Belt accreditation.

”

“

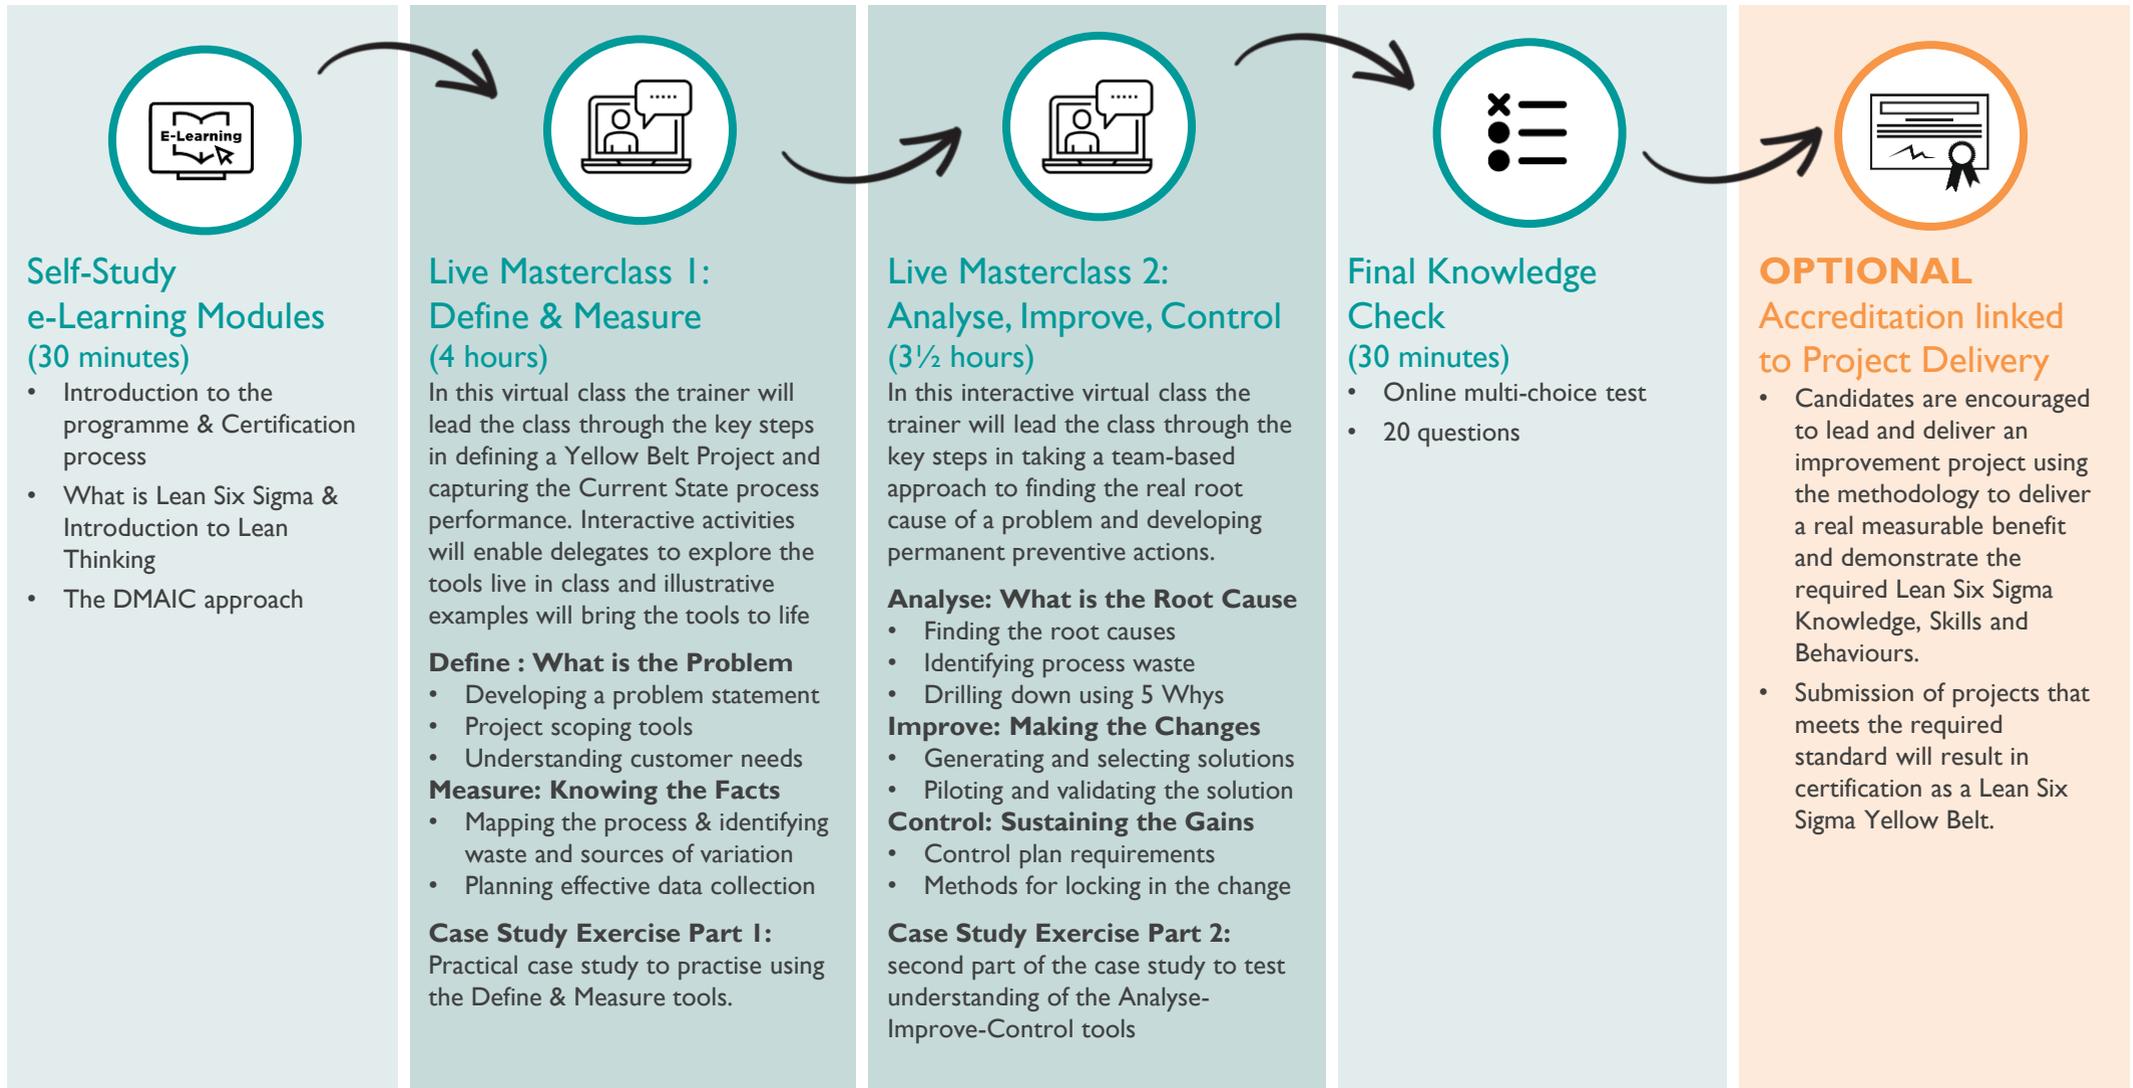

The course provided an interesting view on problem finding. It was particularly beneficial in understanding the overall process of improving performance by finding and dealing with root causes.

”

A Blended Programme of Training

Please see page 4 for the calendar of 2022 programme dates.

Open Enrolment: 2022 Course Calendar

There are 2x interactive training modules, incorporating multi-media features and delivered by masterclass trainers. Following enrolment, participants will be issued with Zoom invites in readiness to log-on to the masterclass webinar modules

March course

Module 1:

March 16th 2022
(08:30 – 12:30 GMT)

Module 2:

March 17th 2022
(08:30 – 12:00 GMT)

May course

Module 1:

May 16th 2022
(08:30 – 12:30 GMT)

Module 2:

May 17th 2022
(08:30 – 12:00 GMT)

July course

Module 1:

July 13th 2022
(08:30 – 12:30 GMT)

Module 2:

July 14th 2022
(08:30 – 12:00 GMT)

August course

Module 1:

August 23rd 2022
(08:30 – 12:30 GMT)

Module 2:

August 24th 2022
(08:30 – 12:00 GMT)

In-Company Programmes

This programme can be delivered exclusively for your company. This provides cost effective group training options for participants who are not co-located, and enables those from different divisions and even regions to be trained together. For more information on the options, please contact Smallpeice on +44 (0)1926 336423 or email train@smallpeice.com

Training Fee

The cost per participant for the Yellow Belt programme is £395+VAT. This fee is fully inclusive of:

- Live training via Zoom
- Supporting course materials
- Final knowledge check
- Accreditation linked to project delivery

Booking Process

- Please email Smallpeice via train@smallpeice.com with your enquiry/requirements.
- Our experienced Lean Six Sigma booking team will then send you a booking form.
- Following enrolment, we will onboard participants to the programme platform which will provide a detailed menu of activities and preparation.

Payment Terms

- An invoice will be issued following receipt of a confirmed booking
- Payment is due 30 days from the invoice date.
- Payment can be made via credit card or bank transfer. Payment details can be found on the invoice.

Cancellation Terms

If you should have to cancel a registration, the following options are available:

- Send a substitute delegate at no additional charge
- Incur a cancellation fee based on the following timescales:
 - If you cancel prior to 30 working days before the course you will be charged a cancellation fee of 20% of the course fee
 - If you cancel less than 30 working days, but prior to 10 working days before the course, you will be charged a cancellation fee of 50% of the course fee
- We regret that we cannot accept cancellations that are received less than 10 working days before the course start date. Please confirm your cancellation in writing
- Please confirm your cancellation in writing.

Smallpeice Enterprises reserves the right to cancel courses if necessary. Delegates will be given advance notice of any such changes. Please do not send payment with this form – an invoice will be despatched.

Sample Client Base & Feedback on Virtual Training

“I really enjoyed the two days. Lots of info and principles/ techniques to take from the learning and apply within my workplace.”

“The course content made it easy to understand the core values of Lean Six Sigma and how they can be used in the workplace. This will aid personal and departmental development.”

This was a great course! I am excited to implement Lean Six Sigma changes to my workplace, and to complete Yellow Belt accreditation.

“I really enjoyed the delivery of the material. The trainer’s enthusiasm made virtual training very engaging.”

“Fabulous course and extremely enjoyable. Great mix of content and exercises.”

“The course provided an interesting view on problem finding. It was particularly beneficial in understanding the overall process of improving performance by finding and dealing with root causes.”

“The trainer was very engaging and the examples used from real life were relevant and useful. I liked the format – it wasn’t just listening to a barrage of information.
